

# Hello! I'm Erin...

## Impactful Initiatives

- **Patron Services:** Created calming room; Free hygiene kits distribution; Initiated access to period products; Hired first library social worker.
- **Operational Improvements:** Staff suggestion form; Informal patron comments; Safety & security committee; Essential policy & procedures updates.
- **Grant Awards:** Digital enhancements for RFID (\$100K), eMedia (\$60K), Chromebooks & WiFi access points (\$12K); Staff conference funds (\$5K).
- **Employee Development:** Managers retreat; Manager book club; Annual staff development day.
- **Facilities:** Opened two remodeled branches; Staff workroom refurbish.

## Greetings

Thank you for inviting me to visit the Clearview Library District! I am beyond grateful and excited for the opportunity to meet with you. I will be traveling from Columbia, MO where I serve as the Associate Director for the Daniel Boone Regional Library (🇺🇸 2,629,125 🇺🇸 368,682).

My top priorities in visiting your library include: meet library employees, and do my best to remember the names and faces from the Staff Spotlight; chat with members of the community; visit all libraries and the bookmobile; and most importantly...*listen* and *learn*!

I look forward to seeing you soon,  
Erin Magner  
she/her

  - Associate Director: 2 yrs
- Richmond Heights Memorial Library
  - Municipal Library Director: 2 yrs
- St. Louis County Library
  - Adult Services Manager: 2 yrs
  - Branch Manager: 7 yrs

# Values. Leader. Vision

The Clearview Library District is a vital asset to the thriving community it serves and is brimming with growth opportunities. As a librarian, I spent time thoroughly researching the District. Your mission, vision, strategic plan, and programming resonate with me, and connect deeply with my values and vision as a leader.

I am a champion of libraries and an avid supporter of the employees who work tirelessly to bring library services to patrons every day. From the front lines to the back of house departments - I see you all! You are valued and appreciated.

Community members help drive the success of their library as passionate collaborators and active participants. It is important that all members of the community find their own space to explore, create and enlighten their minds using what the library has to offer.

I've already become a big fan of the District and the community - I can't wait to visit Boardwalk Park and the Poudre River Trail! If entrusted with taking over the leadership role from your accomplished Director Ann Kling, I promise to continue the important work that has already been accomplished, while moving us forward to the meet the opportunities of tomorrow.
